

MUHAMMAD TAHIR ALI

Software Engineering Student

1E-33 Sanjwal Cantt, Attock | 0347-9780991 / 0335-5149751 | mmuhammادتahirali144@gmail.com

CAREER OBJECTIVE

Motivated Software Engineering student with a strong foundation in programming and object-oriented development, currently pursuing a Bachelor's degree with hands-on project experience in Java-based systems. Seeking an internship or entry-level opportunity to apply technical skills, contribute to real-world software solutions, and grow as a software engineer.

EDUCATION

Qualification	Institute	Year	Result
Bachelor of Software Engineering	Wah Engineering College, University of Wah	Expected 2028	In Progress
HSSC (Pre-Engineering/Science)	Federal College of Science & Commerce, Attock Cantt	2024	Grade B (710/1100)
SSC (Science)	F.G. Public School (Boys), Sanjwal Cantt	2022	Grade A (783/1100)

ACADEMIC PROJECTS

Employee Management System

- Developed a Java-based application to manage employee records, including add, update, delete, and search functionality.
- Implemented core object-oriented programming concepts for a modular and maintainable codebase.

Secure Wallet System

- Built a Java-based digital wallet system focused on secure handling of user transactions and balance management.
- Applied OOP principles and basic security practices to protect user data within the application.

University Course Registration and Management System

- Developed a C++ based system to manage student course registrations, including adding, dropping, and viewing enrolled courses.
- Designed data structures to organize student and course records, applying OOP concepts for maintainability.

TECHNICAL SKILLS

- Programming Languages: Java, C++
- Web Technologies: HTML, CSS
- Core Concepts: Object-Oriented Programming, Problem Solving, Data Structures (academic level)

CERTIFICATIONS & ACTIVITIES

- Completed a Computer Course (certificate awarded)

LANGUAGES

- English
- Urdu
